Purpose of the Course: To provide students with the necessary career exploration and management skills and tools to effectively move forward in pursuing professional career opportunities.

Catalog Description: Principles, methods, and practice in achieving career goals with emphasis on the exploration of career opportunities, identification of strengths, resume development, cover letter composition, interviewing, salary and benefits negotiations, networking, professional image, and the use of technology in achieving career goals.

Course Objectives:

1. Students will have at least one targeted resume ready for their job/internship search or graduate school application.
2. Students will enhance writing and critical-thinking skills (a critical job-readiness skill) through reflection papers, the development of resume & cover letter, and thank-you notes, and reading a career-related memoir/autobiography & writing a book review.
3. Students will be able to clearly articulate career fields and job titles that they are exploring and/or pursuing throughout their studies/after graduation.
4. Students will be trained on behavioral interviewing.
5. Students will develop a LinkedIn profile and skills in utilizing social media and technology in the job search process and to develop a professional network.
6. Students will expand their professional network through attendance at professional events and other career-exploration and job/internship search activities.

Course Requirements:

1. Attendance & Class Assignments
   - You are expected to be at our classroom and ready to work by 1pm. (Please remember that arriving late causes disruptions for everyone.)
   - You will sign in at the start of every class.
   - Assignments must be submitted on BrightSpace (unless I tell you otherwise) by 1pm on the date the assignment is due. Late work will only be accepted within one week immediately following the initial due date, for a maximum of 80% of your grade. After that, late work will not be accepted unless pre-arranged with me (See “Attendance Policy” in this syllabus).

2. Classroom Protocol (This is a HUGE pet peeve of mine!)
   - Cell phones should be silenced when you come into the room and put away when class starts (not on the desk).
   - Headphones should be put away when class starts (not on the desk).
   - Laptops/iPads, etc. are to be used only for taking notes. I will ask you to put your device away if I see that you are checking emails, browsing the web, looking at Facebook, etc. during class. Please respect our time together and stay engaged in the class.
3. Writing and requirement

Strong communications skills (written, verbal and listening) are highly valued by employers and will be critical to your success in the job/internship search process as well as in the workplace. As a result, writing will be a central focus in this class. The following resources are available to you on campus:

- GSU’s Writing Studio
- Grammarly (search on GSU’s homepage for info.)

Keep in mind, I can serve as a reference for you at the completion of this class. Your overall performance will influence both my decision regarding being a reference as well as the substance and strength of my reference.

Attendance Policy

Excused absences are recognized in the following cases:

- Absences due to activities approved by the Office of the Provost, in which a student is an official representative of the University will be recognized as excused when the student informs the instructor in writing during the first week of the semester of his or her participation in an activity that may generate excused absences and the dates of planned absences for the semester. If requested, the appropriate university official will provide a memo stating the official nature of the university business in advance of the activity. Absences due to similar events, which could not have been anticipated earlier in the semester, will be recognized as excused absences upon advance notification of the instructor by an appropriate faculty advisor or administrator.

- Absences due to legal obligations (for example, jury duty, military orders) will be recognized as excused absences. The student must provide the instructor with written documentation of such absences at the earliest possible date.

- Students wishing to have an excused absence due to the observation of a religious holiday of special importance must provide advance written request to each instructor by the end of first week of classes.

- The Department of Veterans Affairs requires that institutions of higher learning immediately report to them when a student discontinues attendance for any reason. Instructors must report to the Registrar’s Office the absence of a veteran student as soon as it is known that the veteran student will not be returning to class. Generally, this should be reported after one week of absences and no later than two weeks of nonattendance by a veteran student.

- In addition, it is suggested that the faculty give due consideration to absences relating to the following events: death or major illness in student’s immediate family, illness of a dependent family member, illness that is too severe or contagious for students to attend class. Proof of illness or death will be required to be given credit for missed absences.

Additional Information:

1. Students who wish to request accommodation for a disability may do so by registering with the Office of Disability Services. Students will only be accommodated upon issuance by the Office of Disability Services of a signed Accommodation Plan and are responsible for providing a copy of that plan to instructors of all classes in which accommodations are sought. Document must be provided within the first two weeks of class.

2. Academic Dishonesty – please refer to the GSU Student Handbook regarding this policy. Make sure you understand what plagiarism is.
